# INTRODUCTION

It is with a feeling of keen regret that we offer for sale the outstanding herd of cattle belonging to the late John R. Thompson.

Mr. Thompson was raised on the farm where the cattle are located, and for many years had looked forward to the time when he could return and enjoy "real life", free from the care of his numerous business interests.

At the passing of Mr. Thompson three years ago, his beloved herd of Shorthorn cattle passed into the hands of his estate, which now in order to wind up the affairs of the estate is offered for sale.

From time to time, Mr. Thompson bought many high class cattle and in 1926 he purchased most of the Maxwalton Herd and ordered that, as near as possible, every animal on the place was to be a roan and that no inferior stock was to be considered.

Shortly before his death, upon the advice of Mr. P. G. Ross, Mr. Thompson commissioned Mr. F. W. Harding to buy a few cattle in Great Britain, including the best bull in the country, regardless of price. For a time, the Royal Champion was under consideration, but on going to Scotland Mr. Harding took a liking to Calrossie Roan Challenger, and considered him a better bull than the Royal Champion—hence, he was added to the Thompson herd and is proving very satisfactory. His calves are the rugged kind with bone and muscle and quality, yet free from coarseness.

When Mr. Thompson bought the Maxwalton Herd he secured the services of P. G. Ross as a manager. Mr. Ross had founded and built the Maxwalton Herd and had been accustomed to handling cattle under farm conditions.

During the past year the show herd made the following Fairs in Canada: Brandon, Calgary, Edmonton, Saskatoon and Regina. Maxwalton Referee was undefeated, being Grand Champion at all five shows; and Lady Augusta 19th was Grand Champion Female at three of them. The herd also attended the following Fairs in the United States: Aurora and Springfield, Illinois; Columbus, Ohio; Detroit, Michigan; Louisville, Kentucky; Tulsa, Muskogee and Oklahoma City, Oklahoma; Dallas, Fort Worth and San Antonio, Texas; Ogden, Utah; and Denver Colorado, and got away with the lion's share of the money at most of them. But, it is the present year that great things could have been accomplished, as the show herd is just beginning to get into shape to organize for a real winning. While we may be weak in a few of the classes, we feel that in the bull classes we could have had a walk-away, some of them are so superior that there is little chance of defeat. And, in both cow classes, we feel that we can challenge comparison.

It has been the Thompson policy to handle only the best, and we can assure those in the market for the best specimens that they can be found here. There is a large percentage of the cows with calves at foot, many of them bull calves, mostly dark roans and the right kind. It will only be a few months till these calves will be ready for the market as a single lot, and likely to double the cost of the pair. We all know that cattle are not selling high and that the pendulum swings both ways. It has been down for some time, but it always comes up, and each time, just a little higher than before—and the man with Shorthorns to sell will reap a big harvest in the not very far distant

future. The all-important factor is to have the right kind to offer and the right kind are in this herd to supply the wants of the most exacting.

The herd bulls are in their prime, full of vigor, and likely to sire many more calves the equal to any yet produced. Most of the calves by Maxwalton Referee are outstanding, as will be seen Sale day. He is as active as a kitten, and docile as a lamb. Calrossie has spent considerable of his time in pasture, as we had not expected to get him in show condition. For a time after he was imported he needed to be watched as he had not been treated right, but for the past two years he has been docile and easily handled. His calves are numerous and outstanding, and most of his life is before him—he is in the rough and will be a bargain.

CERTIFICATE OF REGISTRY will be furnished with each lot sold.

GUARANTEE: The herd had been Federally accredited for several years and health papers will be furnished to take the cattle to their destination. All animals are guaranteed to be as represented in this catalogu. Many of the cows have calves at foot; others show unmistakable evidence of being forward with calf. The bulls are right in every way and show unmistakable evidence of their worth.

As this is a complete dispersal and the estate wishes to wind up all business there will be no guarantee as to future usefulness, but inasmuch as all cattle are guaranteed to be as represented, further guarantee should not be necessary.

Respectfully,

H. M. HENRIKSEN, Executor

P. G. ROSS, Agent.

## LOCATION

The sale to be held at the Thompson Farm, three miles south of Fithian, Illinois. Located on the Pike's Peak Ocean to Ocean Highway, known in Illinois as Route 10.

Parties driving from Chicago should come south to the end of Cicero Avenue and follow Route 49 to where it intersects with Route 10 — the farm is two miles south of that point.

## TRAINS

### TRAINS AT FITHIAN

Illinois Traction Service from Danville, Champaign and Springfield.

Springfield. Big Four.

If roads are soft, come by way of Homer, follow slab two miles east and take stone road leading North to the farm.

Maxwalton Referee was grand champion nine times in 1929, and has been a winner of championships since he was a calf. It would be hard to duplicate his conformation. On account of needing him in the show ring we have not been able to use him much, but find that he is an outstanding sire. His calves are all good ones—some of them the best we have ever produced.

MAXWALTNO BROWNDALÉ is considered by many as one of the very best bulls that Browndale Count has ever sired. In fact, some say that he is the best. He has extraordinary thickness, great spring of rib, and great bulk, with a pleasing head, good conformation, and has the bone, bulk, and vigor lacking in so many of our Short-horns. He possesses the style and finish of his sire, Browndale Count, and the bulk and smoothness of his grand-sire, Maxwalton Monarch—five times first and twice International Grand Champion.

Calrossie Monk was weaned young, but is growing into one of the best Shorthorns ever tied up in roan hide. He has a pleasing conformation, a good head, is level and smooth, carries beautiful lines, and is well rounded off. He is still in the making, but in his present form is a winner in any company and is getting better every day. He has plenty of bone and stands square on beautiful legs. Plainly speaking, he is a bull that is hard to fault.

MAXWALTON HEIR 2nd we thing as good a Shorthorn bull as we have seen in many a day. He is low down, thick, level, has beautiful character, and really hard to fault. His color and conformation are hard to match. He just looks like a show bull. It would be hard to catch him off his guard—that is, he is put up right and looks the part without coaxing. He is without question as good as the Maxwalton herd ever produced. This calf is from a Maxwalton Monarch dam, where he apparently has inherited his bulk, which, combined with the class, quality, and finish of his sire, Maxwalton Referee, makes him well nigh perfect. He is an outstanding show bull and will make a great sire.
